15 Years Old

Diagnosed with a Medulloblastoma Tumor in 2010

Alexis was diagnosed with a Medulloblastoma tumor back in 2010 at the age of 7 years old. After Radiation treatment and Chemotherapy and God's loving hands, Alexis is Cancer free at the age of 15 years old. Alexis loves God and her Mommy for always being there for her. She is in High School now and is working towards college to become a teacher.

**Alexis' journey is not over but as far as we can see the road ahead looks good! Thanks be to God!**
