

ASHLEY

Celebrated New Year's
Eve in Heaven on
December 31, 2012

Ashley has changed our lives so deeply and was the most cheerful, loving daughter who had to endure more than any child should ever face.

Five days before my sweet daughter went to heaven, I made a promise to Ashley to start a non-profit organization (Cancer Response Team) to help as many children as possible with cancer, needing financial assistance to pursue integrative and/or alternative treatments. Ashley has changed many people's lives and has been an inspiration to so many of us. We thank God for each day that we had her as a gift on this Earth.

Please visit Cancer Response Team Booth at the CHAMP Event. We are excited to join CHAMP to become one, as we fight childhood cancer together! - Ashley's Dad
