

HAZIEL

Forever 14 Years Old

Gained her wings December 2015

Hazel was a beautiful person and a happy young lady who put smiles on the faces of her friends and family. She was only 13 and was about to go through something unimaginable, Acute Myeloblastic Leukemia (AML). She was tough and optimistic.

We all thought she would fight through and nothing told us otherwise.

Unfortunately the Leukemia became aggressive and overwhelming. Hazel was strong until her passing, but a feeling of helplessness took over. We felt that we didn't help enough and didn't know how we could have done more for her.

Hazel became the spark of inspiration behind Mimi Foundation: a 501(c)(3) non-profit that is dedicated to making a direct impact. Through this organization we are able to help many individuals going through similar situations. The memory of our loved ones are with us through Mimi Foundation!
