

# JACKSON

(Action Jackson)

7 Years Old

Diagnosed  
with Wilms' tumor

In January 2013, just shy of my 2nd birthday I was diagnosed with Wilms' tumor, a rare and aggressive form of kidney cancer. After help from lots of doctors, nurses and medicine (and the amazing support of family and friends) I got better! I am 7 now and will be celebrating 5 years **CANCER FREE** this October! My favorite food is pizza and I want to be a Zoo Keeper when I grow up. I love to swim, draw, play baseball and hangout with my big brother Ethan. If I could travel anywhere it would be to Japan to see the Giant Panda.

**My family and I support Childhood Cancer Awareness so other kids can get better too – Superheroes Unite!**

Think about all the smiling faces you have helped while you run or walk!
