

OLIVIAH

9 Years Old

Diagnosed with Malignant
Peripheral Nerve Sheath Tumor

Oliviah is a very strong young lady. She is the peace maker in our family and has her faith in God that carries her through all days. We are a family of 7 and we have come to love the game of UNO and cherish the days that we can have an outing as a family.

Oliviah enjoys reading, coloring, and crafting.

You are such a blessing to have a heart to help children with cancer.

Think about all the smiling faces you have helped while you run or walk!
